Joseph M Croasdaile web.design.print.motion.video

OBJECTIVE

I am looking for a position with a diverse company that encourages new ideas and is open to experimentation. A challenging fulltime position that will allow me to use my wide-ranging talents in graphic design, user interface development, web design, flash animation, and video production to full potential. I plan on being a valuable team member and to further explore my creative talents thus allowing me to grow.

PROFESSIONAL EXPERIENCE | 10 YEARS

LifeWay | Web Designer | 06.2009 - Current

As a web designer for the Technology Division, I perform a wide range of duties including graphical assistance to multiple departments, weekly emails, landing pages, identity creation, homepage updates, blog development, website updates and daily file moves. In addition to my day to day duties I am a member of the GX / UX team on the lifeway.com project.

Digital Dog Inc. | Art Director | 06.2006 - 06.2009

Art Director in charge of the web design projects within the company determining the look-and-feel for all sites produced. Developed sites utilizing cross browser compatible code, corporate style guides and working closely with PHP / ASP.NET developers on projects. Client list include various major Vanderbilt University divisions, Mapco Express, University of Alabama, Mississippi State University and many health care companies to name a few. In addition to design, responsible for the SEO management of various client websites.

Jcroasdaile.com | Freelance | 02.2003 - Current

Freelance web design services specializing within the entertainment and modeling industry. Developed highend flash sites utilizing today's cutting edge technology, building custom websites for actors and models. Networked with managers within the industry building strong relationships with clients. Projects include work with actress Tia Carrera, actor D.B. Sweeney and ESPN host Jenn Brown to name a few.

Kinetics a Subsidiary of NCR | Senior Designer | 10.2002 - 06.2006

Senior Designer responsible for developing brand identity, web, motion graphics, video, print and UI design for the entire company. As the lead UI designer, job responsibilities included designing the look and feel of user interfaces for self-service devices in various markets. Projects include work for McDonald's, Holiday Inn, Continental, Delta, Micros, Northwest and our corporate parent NCR among others. Reports directly to top level management and interacts with the CEO on a regular basis.
